<b>BASIS OF COMPLAINANT'S CHARGE AGAINST THE ACCUSED:</b> On January 19, 2022, Border Patrol Agents (BPAs) were observing traffic on N. Kings highway near Douglas, Arizona due to an increase in vehicles attempting to load and smuggle non-citizens in the area. At approximately 3:47 p.m., BPAs observed a gold Mercedes Benz ML pull up and stop behind the BPAs unmarked vehicle. At this point BPAs were able to see two subjects in the vehicle, the passenger being recognized as <b>Lynn Frances SELF</b> due to her previous arrests for alien smuggling. BPAs observed the vehicle as it then drove a few hundred yards north on N. Kings highway, make a multipoint U-turn and then drive southbound to Massai lane, the vehicle did this two times. Shortly after the second time the vehicle turned westbound on Massai lane, BPAs observed three individuals run out of the brush from the east side of N. Kings highway to the west, towards the same location where the Mercedes was seen turning westbound. Shortly after, the Mercedes was then seen traveling back northbound at a high rate of speed. BPAs followed and as they caught up to the vehicle, they were able to see multiple heads of passengers in the rear seats of the Mercedes. BPAs activated their emergency lights and sirens in an attempt to conduct a vehicle stop to perform an immigration inspection and the driver, later identified as <b>Mehl Anthony MELTON</b> , continued to drive for approximately one-half mile. <b>MELTON</b> stopped briefly at the locked gate to the residence of <b>SELF</b> , then continued onto the property. BPAs made contact with the vehicle once <b>MELTON</b> made a complete stop on the property. <b>MELTON</b> and <b>SELF</b> both identified themselves as United States Citizens and BPAs observed three occupants in the rear seats. The three passengers, to include Candido De Jesus Silvestre-Hernandez, were all determined to be in the United States without the proper documentation to enter, pass through or remain in the United States legally. <b>Continued on back.</b>
